Screw Hole Punch 32 mm

- Chrome-Molybdenum-Steel
- for drilling in aluminium, steel plate, stainless steel etc.
- for tap water connectors, cable entry, tap water connectors, fittings in stainless steel sinks, etc.
- suitable for aluminium, steel, stainless steel sheets, etc.
- 32 mm punch diameter
- weight: 270 g
- 6-pt. drive SW 17 mm

- Pre-drill the specified hole centre with a 10 mm metal drill bit.
- Insert the threaded screw through the hole from the side that will be visible later and screw the drill onto the threaded screw. Using a 17 mm open-end or ring spanner, slowly turn the threaded screw to the right until the sheet metal is drilled through.
